### The Social Research Department's 'Arai Quiz'

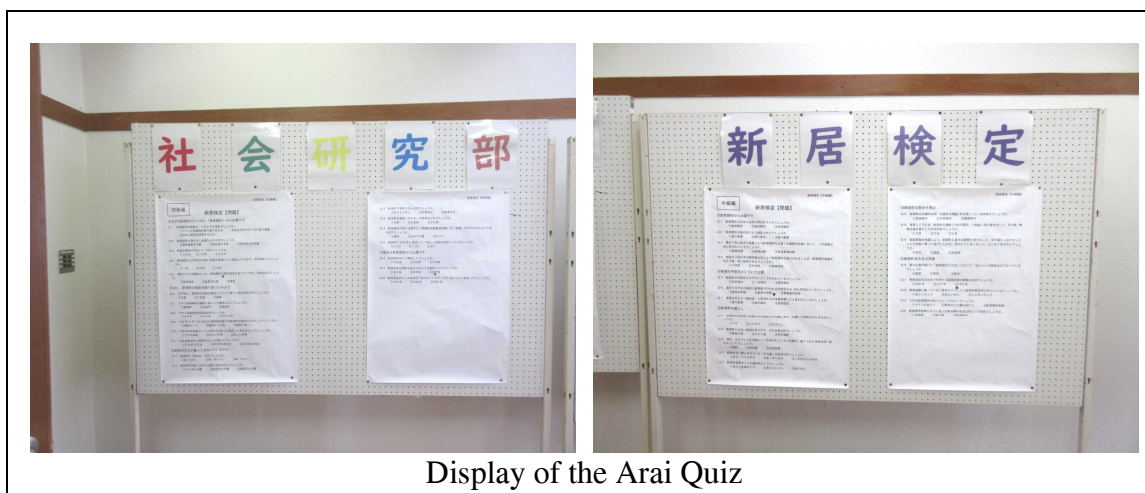

Shizuoka Prefectural Arai High School  
Social Research Department

Here in the Social Research Club at Arai High School we have researched the history and culture of our hometown, Arai Town, as well as neighboring municipalities, and has made presentations at the Ushio Festival (cultural festival) and Araijan (Arai Town Industrial Festival). Also included in our research is Tsugi Takano (1890–1943), a writer from Hamamatsu, and Toshiaki Watanabe (1937–2005), a painter from Arai Town, now part of Kosai City.

In addition, during long breaks, we have planned field trips to experience the history and culture of each area, from JR Iwata Station to JR Toyohashi Station, which are all within commuting distance.

In response to the activity restrictions due to the COVID-19 pandemic, we shifted our focus to the local area of Arai Town, and visited every corner of the town. The result of this work is the creation of the 'Arai Quiz'. We ask you things about Arai Town that you think you know but maybe don't know in a quiz format.

There are beginner, intermediate, and advanced levels. We hope you will all try it! We will continue to update the questions and explanations moving forward.
