### Would you like to come and try dancing 'Shikanmai'?

About 'Shinkanmai' videos and initiatives

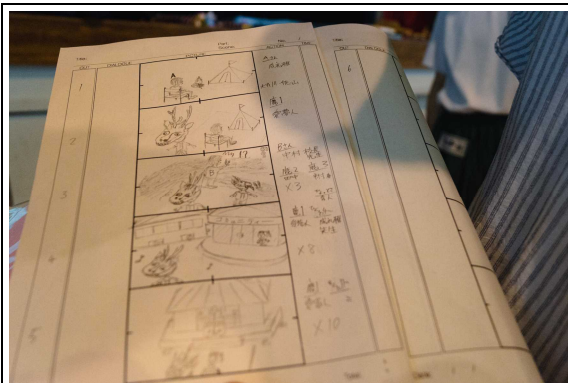

Various traditional performing arts have been passed down in the Kawanehon Town. Amongst them, the 'Shikanmai' of the 'Tokuyama Bon Odori', caught our attention.

'Tokuyama Bon Odori' was registered as 'Furyu Dance' in the UNESCO Intangible Cultural Heritage in November 2022. However, the classical performing art is in a difficult situation as there are few successors.

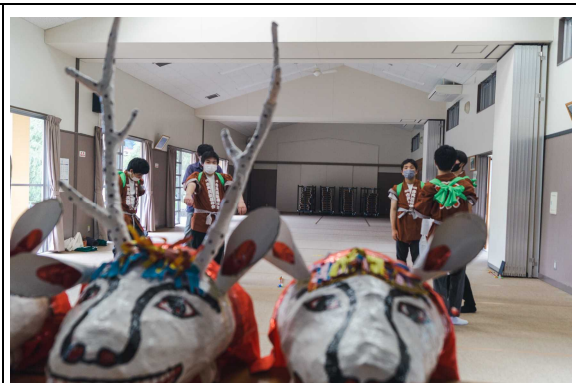

We created this video to help pass on the 'Tokuyama Bon Odori' and make it more widely known. We were particular about the locations where we shot the video, and all of it was shot in the Tokuyama area of Kawanehon Town.

We hope you will come and enjoy the natural scenery of Kawane in the video.
