

Basic Policies for Promoting Japanese Language Education for Foreign Residents in Shizuoka Prefecture(03 . 2025)

The number of foreign residents has been increasing not only in Shizuoka but across Japan. In response, the Japanese government has been developing policies and programs to address the needs of these residents. With this growing population in mind, promoting Japanese language education for foreign residents has become more important than ever. Recognizing this, Shizuoka Prefecture has developed the 'Basic Policy for Promoting Japanese Language Education'.

Basic Plans for the Promotion of Japanese Language Education		Prefectural Measures for the Promotion of Japanese Language Education	
G o a l	Promoting Japanese language education in order to create a thriving society that respects diverse cultures	For Children Ensure adequate educational opportunities to equip them with the tools to shape their future <ul style="list-style-type: none"> Facilitate student enrollment Provide support for educational institutes and staff Disseminate information in multiple languages Disseminate school information to guardians 	For International Students Help support international students so they can thrive within Shizuoka Prefecture long term <ul style="list-style-type: none"> Provide Japanese Language education opportunities to facilitate working and living in Japan Employment matching with companies in the prefecture
